## **1.0 PURPOSE OF THE AMENDMENT**

The purpose of this amendment is to update the compliance record for the Alliance for eTrade Development II, E3-19-17. This amendment extends USAID's grant to the Alliance so that its period of performance will expire in September 30, 2026. This extension is a consequence of incremental funding to the Alliance which will fund additional fund work already contained within our grant agreement.

## **2.0 CERTIFICATION OF COMPLIANCE**

- All other aspects of the project design/activities and geographic scope remain unchanged from previous environmental analyses.
- Annual Work Plan(s) has/have been verified to undertake only those activities originally proposed, and all reporting requirements have been adhered to and remain unchanged. This project is in compliance.

## **3.0 REVISIONS**

Per 22 CFR 216.3(a)(9), when ongoing programs are revised to incorporate a change in scope or nature, a determination will be made as to whether such change may have an environmental impact not previously assessed. If so, this environmental analysis will be amended to cover the changes. Per ADS 204, it is the responsibility of the USAID A/COR to keep the MEO/REA and BEO informed of any new information or changes in the activity that might require revision of this amendment and environmental determination.
